TECHNICAL SKILLS

- Python
- C
- Java
- HTML, CSS
- Data Structures

SOFT SKILLS

- Creativity
- Communication Skills
- Adaptability

EDUCATION

Bachelor of Technology (B. Tech)
Rajeev Gandhi Memorial college of engineering and technology
2022-2026
Current GPA: 8.9
Intermediate (12th Grade)
K.V. Subba Reddy Junior College
2020-2022
Percentage: 90%
10th Grade
Ravindra Bharathi School
2019-2020
Percentage: 96%

WORK EXPERIENCE

Internship Experience:
- AWS Academy
  September-November (2023)
  Role: Data Engineer

- AWS Academy (Current Internship)
  January- present…
  Role: Machine Learning Engineer

PROJECTS

1. CREDIT CARD ANALYSIS USING PYTHON

Description: Developed a Python program for credit card data analysis, visualization, and export using Pandas, Matplotlib, and SQL Alchemy.

2. MOVIE RECOMMENDATION SYSTEM USING PYTHON

Description: Implemented collaborative filtering using Surprise library for movie recommendation, including hyperparameter tuning with Grid Search CV, achieving optimal model performance

HOBBIES

- Scrolling social media
- Watching movies
